PROFILE

I am a passionate web developer with a strong foundation in creating dynamic and responsive web applications. My expertise spans both front-end and back-end development Proficient in **HTML**, **CSS**, J**avaScript**, and **Vue.js**. My expertise in Bootstrap ensures responsive design and cross-browser compatibility. Experienced with **PHP** and the **Laravel** framework, I build secure and efficient server-side applications. **Api development and integration** with PHP Laravel. Skilled in **MySQL**, I design and optimize databases to support dynamic web applications. Version control with **Git and GitHub.**

WORK EXPERIENCE

- **NodeSol Corp, Lahore**   07/2023 - PRESENT
  Junior Full Stack Developer
  - At NodeSol Corp, I worked for a year as a Full Stack Developer, including a 6-month internship. My expertise lies in **PHP, Laravel, Vue.js, and MySQL,** where I developed and maintained dynamic web applications. I also created and integrated APIs, optimized database queries, ensuring seamless front-end and back-end integration.

- **Comrade IT Center, Dipalpur**
  Junior Front end Developer   1/2023 – 6/2023
  - I served Comrade IT Center as a Front End Developer for 6 months, working with **HTML, CSS, JavaScript, and Bootstrap**. During this journey, I also learned PHP, Laravel, and MySQL, expanding my skills beyond front-end development.
